

## Points of Interest on the Mae Hong Son Loop Route

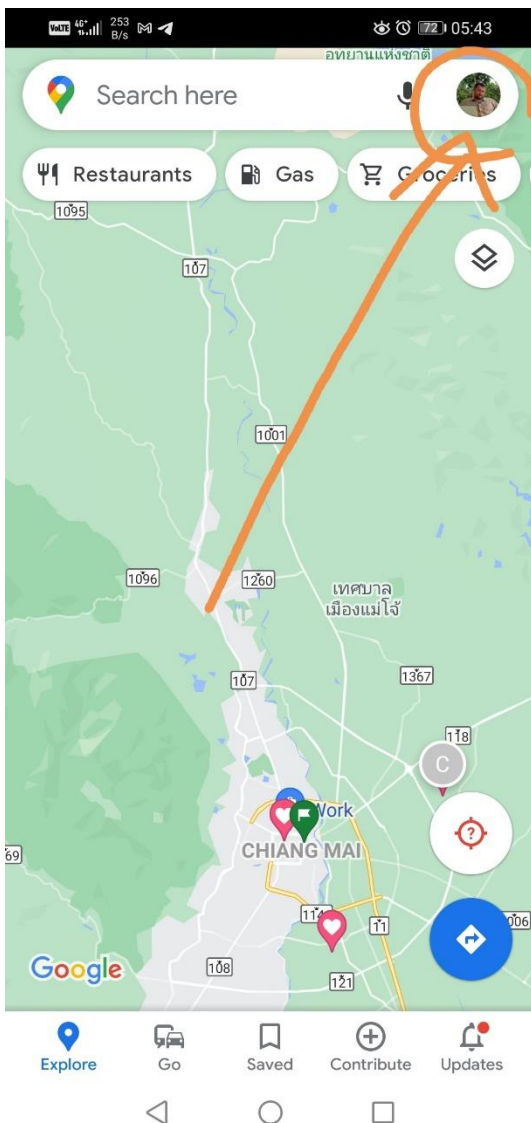

Our guys tried to create this mini-guide with points on the map for you so that you can follow the coordinates even if you don't have the Internet in the mountains.

Before using this mini travel guide, take a few easy steps with your phone. We hope your phone runs on the great Android operating system, so it's easy for you.

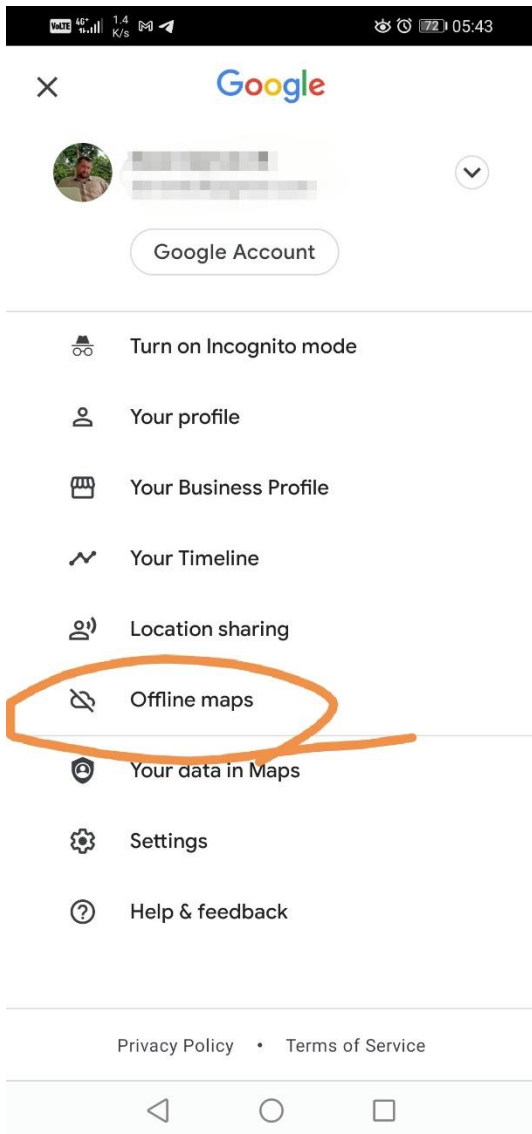

Step 1: Download the Google Map app in Google Play.

Step 2: Log into your Google Map account.

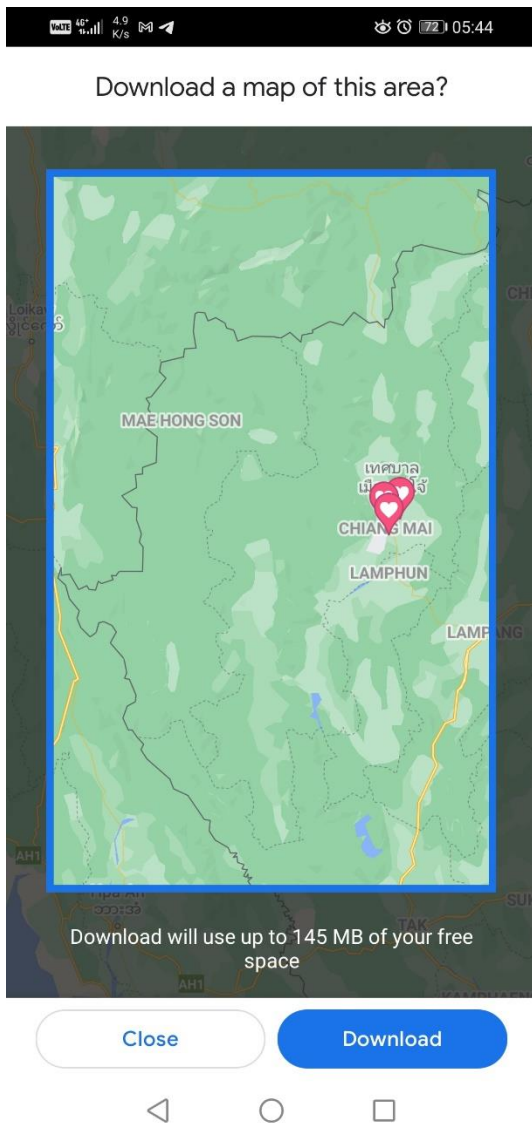

Step 3. Click on your avatar in the upper right corner.

## Step 4: Select the menu item "Offline maps"

Step 5: Adjust the size of the map, as shown in the screenshot, so that the entire Mae Hong Son province is obstructed on the screen of your phone. In my case, the size of the map is 145 megabytes.

Step 6: Download the map.

Now, even if your mobile internet in the mountains goes off, you can still find the coordinates of the attraction and POI you need on the map. Blue links are clickable.
